Applications for authority to provide service in accordance with the provisions of section 63.18 (e)(1) and (2) of the Commission's rules, specifically: (1) authority to provide global international facilities-based service between all points in Vermont and all international points, except those countries listed on the Commission's exclusion list; and (2) authority to provide resale service between all points in Vermont and all international points, except those countries listed on the Commission's exclusion list. Pursuant to section 63.10 of the Commission's rules, Applicants request non-dominant treatment for all routes except the U.S.-Dominican Republic route, the U.S.-Venezuela route, and the U.S.-Gibraltar route, except to the extent the service provided on these routes is the resale of the international switched services of unaffiliated U.S. facilities-based carriers, fitting under the exception in section 63.10(a)(4) of the Commission's rules.

These applications cover traffic originating in the state of Vermont, which is one of the "in-region" states of Bell Atlantic Corp. d/b/a Verizon Communications Inc., (Verizon) and its U.S. international service subsidiaries listed above. Applicants request grant of these applications at the same time that Verizon is legally permitted to provide in-region interLATA service in the state of Vermont under section 271 of the Communications Act of 1934, as amended, 47 U.S.C. § 271. Commenters should limit their comments in this proceeding to issues specific to the requests of Verizon and its U.S. international services subsidiaries for authorization under section 214 to provide international service. Issues related to whether Verizon has met the criteria under section 271 for entry into interLATA services in the state of Vermont will be addressed in the context of the pending section 271 application for that state. See Comments Requested on the Application by Verizon for Authorization under section 271 of the Communications Act to Provide In-region, interLATA Service in the State of Vermont, CC Docket No. 02-7, Public Notice, DA-02-111 (rel. January 17, 2002).
